

Hi-Perf 4T 700 Scooter 10W-30

4-Stroke Engine Oil

KEY DATA

Synthetic based engine oil

INTERNATIONAL STANDARDS

- JASO MB - M033TEL006
- API SP

TECHNOLOGIES

Durability Improver technology

4 Actions to maximize the durability of your bike:

- Protection against harmful piston deposits
- Protection against gear pitting and wear
- Protection against clutch slippage
- Protection against thermo-oxidative attack

APPLICATIONS

HI-PERF 4T 700 Scooter 10W-30 is a synthetic based 4-stroke engine oil Specially designed for premium Scooters and gearless 2-wheelers. Formulated with Durability Improver technology, it is Specially designed to provide continuous performance for all riding conditions. It also improves the engine protection against wear and friction.

PERFORMANCES & CUSTOMER BENEFITS

- Formulated for automatic 4-stroke scooters, ensuring reliable protection in stop-and-go traffic.
- Certified by API SL and JASO MB, meeting international scooter-specific standards.
- Maintains clean engine operation and reduces clutch slippage.
- Supports catalytic converter compatibility for modern urban vehicles.
- Provides durable oil film for consistent performance between oil changes.

CHARACTERISTICS*

TEST	UNIT	TEST METHOD	RESULT
Viscosity grade	-	SAE J300	10W-30
Kinematic viscosity at 40°C	mm ² /s	ASTM D445	0
Kinematic viscosity at 100°C	mm ² /s	ASTM D445	0
Flash Point	°C	ASTM D92	235
Viscosity index	-	ASTM D2270	143
Pour point	°C	ASTM D97	-36
Density	kg/m ³	ASTM D1298	861.1

* The characteristics given above are obtained with a standard tolerance threshold during production and may not be considered specifications.

RECOMMENDATIONS FOR USE

Before using the product, the vehicle's maintenance guide should be checked. Oil changes should be carried out in accordance with the manufacturer's recommendations.

The product should not be stored at temperatures over 60°C. It should be kept away from sunlight, intense cold and extreme temperature fluctuations. If possible, the packaging should not be exposed to the elements. Otherwise, the drums should be laid horizontally in order to avoid any contamination from water and to prevent the product's label from rubbing off.

HEALTH, SAFETY AND THE ENVIRONMENT

Based on the toxicological information available, this product should not cause any adverse health effects, provided it is used for its intended purpose and in accordance with the recommendations laid out in the Safety Data Sheet (SDS).

This can be obtained on request from your local reseller and is available for consultation at <https://ms-sds.totalenergies.com>.

This product should not be used for any purposes other than the ones for which it is intended.
